

HOLLYWOOD PRIVATE HOSPITAL RESEARCH FOUNDATION GUIDELINES ON RESEARCH FUNDING GRANTS GENERAL GRANTS 2024

Hollywood Private Hospital Research Foundation (HPHRF) was initiated in 1999 as a registered charitable organisation. The Foundation aims to support research at HPH that will advance clinical care and improve health outcomes to patients at Hollywood and in the general community. The Foundation's income comes from fundraising and donations from HPH staff and doctors, former patients and the community.

The **General Grants round** for 2024 is open for applications from **HPH staff and accredited VMOs**. Two grants of up to \$20,000 each are available in this round

ELIGIBLE APPLICANTS

This grant round is being offered to HPH staff and Visiting Medical Officers accredited at HPH.

It is a requirement under the Foundation's Constitution that grant recipients must be members of the HPH Research Foundation. Any successful grant applicant must agree to become a member of the HPH Research Foundation and remain so at least until the completion of the research project before they receive funding.

ELIGIBLE PROJECTS

Research projects must fulfil the following criteria:

- The grant applicant - HPH staff member or accredited VMO – must be the Principal Investigator and have overall responsibility for the conduct of the study at HPH
- The project must show potential for significant impact on the advancement of knowledge and clinical practice leading to better health outcomes for patients and the community in the chosen area of research.
- The project must be conducted at Hollywood Private Hospital, or at least involve the hospital to a significant and meaningful degree, but may also involve other external sites, and include external collaborators on the research team. (The fact that the applicant/PI is a HPH staff member or VMO is, of itself, not sufficient to fulfill this criterion)

Grant funds may only be used for direct project-related costs Funding cannot be used for capital expenditure, overheads, travel, course or conference expenses.

Successful applicants of studies involving human participants must obtain ethics approval from the Ramsay WA|SA HREC and/or other relevant research ethics committees and governance approval before commencing the research project.

KEY DATES

Activity	Open	Close
Applications Submission	Monday 02 September 2024	Monday 28 October 2024
Internal Review of Applications	Tuesday 29 October 2024	Monday 04 November 2024
Review of Applications by Scientific Review Panel and/or External Reviewers	Tuesday 05 November 2024	Monday 18 November 2024
Review Panel Recommendations Reported to HPHRF Board for Endorsement	Mid-Late November 2024	Mid-Late November 2024
Notification to Applicants	Early December 2024	Early December 2024

SUBMISSION

Prior to submitting an application, contact Dr Terry Bayliss on 9346 6345 or email Research.HPH@ramsayhealth.com.au to discuss the eligibility of your study proposal.

Online Application Portal - REGGS

All applications for HPH Research Foundation grants must be submitted via the REGGS (Research Ethics, Governance and Grants) system. REGGS is an online, cloud-based portal for the management of research ethics, governance and grants across Ramsay Health Care, Ramsay Hospital Research Foundation (RHRF) and HPH Research Foundation.

Register on REGGS

To start an application, you must first register on REGGS. Go to <https://grants.rhrf.org.au> to set up an account. Please select the green APPLY NOW button "HPHRF General Grants 2024" to start your application.

Using REGGS

- The application is structured to be completed in multiple pages.
- You can navigate through the application to different parts of the application using the navigation menu on the left.
- Don't forget to SAVE regularly!

For detailed information on how to apply via REGGS, please see the REGGS grants – How To Guides found on the [RHRF website](https://grants.rhrf.org.au). If you need help, please contact info@rhrf.org.au

Note: You will be able to save the online application and complete it over time. A copy of your application will be available to download from the portal.

Submission of applications closes 28 October 2024.

REVIEW PROCESS

Applications will be reviewed by the HPH Research Foundation.

Applicants may be requested to respond to queries from the reviewers in writing, and may be requested to attend a meeting of the Scientific Review Panel and/or provide details of nominated referees.

Successful applicants will be contacted in early December 2024.

Grant funds will be disbursed once the HPH Research Foundation Grant Terms and Conditions has been signed and ethics and governance approvals have been confirmed.
